The simple beauty of true Butcher Block is undeniable. The clean crisp lines and the honest display of Solid Northern Hard Maple compliments a wide variety of design styles. Butcher Block feels at home in a country setting as well as in the most contemporary decors. The MASTER BRANDS Collection dining table brings the durability of our Wood Welded construction and combines it with the classic lines of a farm table. Nowhere will you find so much quality in such a beautiful table. Our MASTER BRANDS dining table is finished with Durakryl 102 which is resistant to virtually all cleaning agents and offers you a carefree surface. The warm luster of the well finished top will stand up to the messiest school projects and clean up wonderfully for dinner. We are very proud of our MASTER BRANDS dining table and look forward to having it grace your home.

Great care in the selection of materials and craftsmanship have gone into the construction of this maple dining table. The top's rich appearance, distinctive grains, character marks and color variations are the purest expression of nature. Just as no two trees are alike, no two pieces of wood used in fabrication of this table will look exactly like another. No man made material can duplicate maple's varied beauty and natural integrity. As with all wood products naturally occurring variations of color and grain do occur and should be seen as part of the natural beauty of your table.

The MASTER BRANDS dining table comes in a variety of standard top sizes which are listed below. The table also can be fabricated in custom sizes to meet the needs of the most demanding spaces. We also offer 2 finishes for the base of our table, natural and white shown below.

		Length											
		30	36	42	48	54	60	72	84	96	108	120	144
Width	30	X	X	X	X	X	X	X	X	X	X	X	X
	36	X	X	X	X	X	X	X	X	X	X	X	X
